Benefits of registering your myki

- The balance on your myki will be protected should you report it lost or stolen.

Option:

- to have your name printed on your myki to differentiate it from other mykis in your household. (To take up this option cross the appropriate box in Section D.)
- to manage your myki with an online account.
- of auto top up for 'set and forget' convenience.

myki auto top up

myki auto top up is a smart way to always stay topped up with myki money. It is an automated payment to your myki from a linked bank account or credit card whenever your myki money is running low. With auto top up, you simply set and forget.

Once you receive your myki, the account holder can set up auto top up at myki.com.au, or by completing a myki Auto Top Up Request Form or by calling 13 6954 (13 myki).

You can obtain more myki Registration Forms by visiting myki.com.au or by calling 13 6954 (13 myki).

General Information

Section A – Account Holder Details

The myki will be registered under the account holder's details. **The account holder is the person who will manage the myki and will be responsible for it.** The account holder could also be the cardholder (see Section B).

However, there are instances where the account holder will set up an account for another person who will be the cardholder. For example, a parent or guardian (account holder) may set up an account for their child (cardholder). The account holder will have access to the registration details of the cardholder and information relating to the use of the myki.

Section B – myki Cardholder Details

The cardholder is the person who will use the myki to travel. A myki is non-transferable and can only be used by the cardholder.

The cardholder's name can also be printed on the myki. This is optional and only available when purchasing a new registered myki.
